

Can't find a suitable design?

We also provide custom card design service. You may request a unique **NFC card design** with a matching **digital card hero image**, or submit your own design for us to prepare.

Additional custom design fee: RM60 per set (includes NFC card design + digital card hero image design).

Sure, for the custom design service, the additional design fee is RM60 per set.

The custom design set includes:

- NFC card custom design + digital card hero image design.
- For the NFC card custom design, after we understand your requirements, preferred style, logo, brand colour and card information, we will prepare up to 3 custom design options for you to choose from.
- After you select one preferred NFC card design, we include up to 2 rounds of revisions for the selected design.
- The digital card hero image will be designed to match your selected NFC card design. This also includes up to 2 rounds of revisions.
- Kindly note: revisions are for adjustment of the selected design, such as text, colour, layout, logo placement or minor design refinements. A completely new design direction after confirmation may require an additional design fee.
